

JACKSON AND PELLEGRINI OUT OF BRITISH GAS DUEL IN THE POOL 4th December 2009

Olympic and World medallist Jo Jackson has been forced to withdraw from this month's British Gas Duel in the Pool due to illness.

Jackson (British Gas ITC Loughborough) has been suffering with severe illness for the past six weeks and a respiratory infection means she is unable to swim at the Manchester Aquatic Centre event on 18th-19th December.

The E-Stars team (Great Britain, Germany and Italy) will also suffer the loss of double World Champion Federica Pellegrini after she was called to attend an official ceremony in front of the highest political and sports authorities in Italy.

British Gas ITC Swansea swimmer Jaz Carlin has been added to the E-Stars as a replacement.

British Gas, principle partner of British Swimming, is the headline sponsor of the event, which provides a unique opportunity for fans to see the world's greatest swimmers from the USA and E-Stars team going head-to-head for supremacy in the pool.

Both teams will include up to 18 men and 18 women with British Swimming, Germany and Italy sending a combined team for the short course (25m) meet.

-ends-

About British Swimming

British Swimming is the National Governing Body for Swimming, Diving, Synchronised Swimming, Water Polo and Open Water in Great Britain. It is responsible internationally for the high performance representation of the sport. The members of British Swimming are the three Home Countries national governing bodies of England (ASA), Scotland (Scottish ASA) and Wales. (Welsh ASA) British Swimming seeks to enable its athletes to achieve gold medal success at the Olympics, Paralympics, World Championships and Commonwealth Games.

About British Gas

The nation's leading energy supplier, British Gas is the Principal Partner of British Swimming, supporting the sport at all levels: 'From paddling pool to podium'. Since March British Gas has been driving shared objectives with British Swimming to get more people swimming regularly through Swimfit and Learn to Swim. Recently British Gas launched a high profile campaign with Rebecca Adlington to give a free swim to all of its customers. British Gas also wants to ensure local pools stay open and stay at the heart of the community. In areas of 'aquatic deprivation' British Gas is helping Pools 4 Schools to bring swimming to urban communities.
